

SYNOD'S BUSY DAY; MANY MATTERS UP

Home Mission Work in Fine Condition—Contributions Increasing.

NOT REMOVE HAMPDEN SIDNEY

Presbyterian Home and School in Fredericksburg Very Flourishing.

[Special to The Times-Dispatch.]
ROANOKE, Va., October 17.—This has been a busy day for the Presbyterian Synod of Virginia. Among the important matters that occupied its attention was the home mission work, under the direction of Rev. J. E. Booker, formerly of Lexington, now living in Farmington, Va. Mr. Booker reports that the work in this connection is being done to add weak churches and to carry the gospel to destitute sections within the bounds of the synod. The interest shown by the churches in this work is indicated by the contributions made, being nearly \$12,000. This is a considerable increase in recent years, for five years ago only \$6,500 was given for this work.

Hampden-Sidney Doing Well.
Professor G. W. Walker, of the Virginia Polytechnic Institute, made an address on behalf of Hampden-Sidney. He told of the good work of this college and of its fine prospects. He emphasized, especially, his opposition to the question of moving the college from its present location. He said the great need of the college is a wise president who is opposed to its removal.

Publication Consolidation.
Rev. Dr. Thornton S. Wilson, one of the editors of the Central Presbyterian, announced to the synod that negotiations are on foot for the consolidation of this paper with the Presbyterian Standard, N. C., and the Southern Presbyterian, of Atlanta, Ga.

The synod, by a unanimous vote, expressed its approval of this plan. **Claims of Fredericksburg Institution.** Rev. J. H. Hendricks, of Fredericksburg, presented the claims of the Home and School in that city. This is an institution for the care and instruction of the orphans of ministers and of children of missionaries. There are 113 persons taken care of by the home, and yet the churches have given only \$12,000 during the past year for their support. He paid a high tribute to the character and work of the superintendent of this institution, Mr. S. W. Komerville. He said that a very pressing need there is a house to be used by the missionaries as a home when they return to this country on furlough, as many of them really have no homes to which they can go. All the pupils of this city will be filled to-morrow by members of the synod.

LETTER OF CURTIS WARNING TO MORSE

Important Disclosures from Correspondence Between Ice King and Banker.

DID NOT SEND THE CABLE

In Lieu of This Bank President Wrote His Principal in Paris of Question—Raised in Board.

NEW YORK, October 17.—The trial of C. W. Morse, the one-time Ice King, and his bank president, Alfred H. Curtis, in the Federal Circuit Court today reached a stage where it became necessary to send the jury, in the custody of United States marshals, from the courtroom while the counsel argued a matter which it was announced it would be improper for the jury to hear. The dispute was over the question whether or not the defense would, at the prosecution's request, produce the original of a letter of which the government had possession or only copy. Judge Hough held that the defense need not produce, nor could they be compelled to produce, such papers unless they were willing to do so.

When the jury had been recalled, United States District Attorney Stimson had Adolph Rado, assistant cashier of the National Bank of North America, identify a letter copybook of the bank. Mr. Stimson then read from this book a copy of a letter written by Mr. Curtis on July 19, 1906, to C. W. Morse, who was then at the Elysee Palace Hotel in Paris.

Question of Ice Holdings.

The copy of the letter, with subsequent testimony, was interesting. The letter informed Mr. Morse that at a board meeting that day at which Mr. Havemeyer and Mr. Flagler, directors, had been present, "the question of our Ice holdings" had been raised. Mr. Curtis had responded to this question, he informed Mr. Morse, by a letter that "we held 4,000 shares of Ice at 59-1/4, this showing a profit at the time of four points." Mr. Curtis went on to say to Mr. Morse that Mr. Havemeyer then wrote out a cable for him, Mr. Curtis, to transmit to Mr. Morse. Mr. Havemeyer had said that as a director he would be for selling the stock. Mr. Flagler had said that he would vote to take the profit, but that Mr. Curtis reported to Mr. Morse in his letter, "he would not oppose you" (Mr. Morse). Mr. Curtis added that he did not send the cable but was reporting the suggestion to Mr. Morse by letter. He appended a postscript, which Mr. Rado identified as in Mr. Curtis's hand, in which he informed Mr. Morse that after the meeting Mr. Flagler had called to ask whether he had sent Mr. Havemeyer's cable, to which Mr. Curtis responded, he said, "I told him that I had had no intention of sending the cable."

No Ice Securities There.

Shortly after the reading of this letter, when Mr. Stimson was going on with sequential evidence, the defendant's attorneys admitted for the record that there were no ice securities in the bank on that date. On cross-examination, Mr. Rado, who was the only witness during the day's three-hour session of the court, said that he did not remember saying to anybody that he would send the cable, or that he had sent it. He said that he had no intention of sending the cable.

HUGHES AT CHANLER'S HOME

Governor Has Large Crowd and Received Ovation at Poughkeepsie.

[Special to The Times-Dispatch.]
POUGHKEEPSIE, October 17.—Despite the great, very great, popularity of Lewis Stuyvesant Chanler in his own county of Dutchess, Democratic by the Chancellors, Governor Hughes found there were a good many Republicans and even some Democrats here who prefer him for Governor. Mr. Hughes ended his week's tour of up-State communities at a meeting here in this stronghold of the Chanler family this afternoon, and with the possible exception of the meeting at Syracuse, it was the keenest and most appreciative gathering he had addressed during the week. Not only were the people who lined the streets right under the office and training quarters of brother Bob Chanler in the jail, ready to cheer and whoop it up, but they poured into the open-house, seating about 1,200, packed it quickly to the doors with hundreds standing up, and proceeded to make all kinds of approving demonstrations whenever the Governor said anything.

And nothing pleased them more than the Chanler catfishism, the questions which Mr. Hughes is asking of Mr. Chanler every day. As the Governor read the questions to Mr. Chanler's friends and neighbors here this afternoon, and after each said with emphasis, "No answer," they roared approvingly.

The Governor went to New York late this afternoon. He is to start out on Monday morning from Albany on a trip that he is to take him all over the Northern part of the State, with meetings at Buffalo and Rochester, and it will be the big week of his campaign. He said to-day at the end of his first week of stumpng up-State, "It seems to me that the situation is very good, and is steadily improving. The indications from the meetings held this week are most gratifying."

EDUCATORS HOLD RALLY AT KING GEORGE COURTHOUSE

KING GEORGE COURTHOUSE, VA., October 17.—An enthusiastic educational rally was held at the courthouse yesterday under the auspices of the King George Teachers' Association.

Hon. J. D. Eggleston, Jr., State Superintendent of Instruction, and Mr. E. H. Russell, a member of the Board of Examiners, made addresses. For several hours they held the close attention of the teachers, men, women and children, who filled the place.

NEIGHBOR OF PRESIDENT DIES AT OYSTER BAY

[Special to The Times-Dispatch.]
NEW YORK, October 17.—John M. Sammis, one of President Roosevelt's oldest friends and neighbors at Oyster Bay, died at his home there this morning. He was eighty-eight years old. He will be missed by the President on next election day, when Mr. Roosevelt comes here to vote, because it was Mr. Sammis's invariable custom to be at the polls to greet the President, and he never cast his own ballot until Mr. Roosevelt arrived.

News Gathered from Southside

Manchester Bureau Times-Dispatch, No. 1102 Hull Street.
Mr. R. L. French, formerly a leading and active Democrat, formerly chairman, and at present a member of the City Democratic Committee, has declared his intention of resigning as a member of the committee, withdrawing from the Democratic party and casting his vote for Messrs. Taft and Luce at the coming election.

Mr. French stated to a Times-Dispatch reporter last night, that his resignation as a member of the City Committee had been written and forwarded through the mail to the present chairman of the committee.

Objects to Party Methods.
Mr. French said that he decided to take the course after a joint meeting of the City Committee and the Bryan-Kern Club held Friday night, at which he expressed dissatisfaction at the way in which Chairman Burkett had conducted party matters since the opening of the campaign, and suggested that Mr. Burkett resign.

Mr. French offered a motion to that effect, but it was not entertained.
Mr. Burkett was recently elected superintendent of the Water Department, and as friends say he would have resigned as chairman of the committee at Friday night's meeting, but for the fact that he hesitated at doing so while under fire. His resignation will come later, according to reports.

Friends of Mr. French agree with him in his statement that Mr. Burkett had not shown much energy in conducting party affairs since the opening of the campaign.

Mr. French last night stated that he would refuse to stay in a party with men who were ostensibly in accord with party principles, but who were at heart Republicans.

Delegates to State Council.
All of the four Manchester councils of the Junior Order United American Mechanics have elected delegates to the State Council, which convenes at Lynchburg next Tuesday, and a concerted effort will be made to have Manchester chosen as the next meeting place of the order.

A delegate from one of the councils stated last night that the prospect for having Manchester chosen over the other contesting cities was very bright. The delegates will leave here to-morrow evening.

Following is a list of those who will represent the Manchester councils:
New South Council, No. 8—J. C. Blake and W. S. Welch.
Liberty Council, No. 13—J. R. Lalson and D. E. Nunn.
Day Council, No. 27—Walter T. Smith and J. L. Munn.
Rocky Ridge Council, No. 36—A. L. Sampson and Thomas Robinson.

May Plead Insanity.
When the case of Bud Morris, colored, charged with the throwing concentrated lye into the face of Joseph Wood, an employee of the Times & Co., about two weeks ago, was called in the Police Court yesterday morning,

a physician stated that Wood's condition was such that it was best for him to remain in the hospital a few days longer. Mayor Maurice, on the doctor's advice, postponed the case. Wood is only slightly improved now, but may lose one of his eyes. Morris is still in jail. It is thought that on account of having once been in an insane asylum, the negro will enter a plea of insanity.

The Agony of Impure Blood

Can Be Readily Relieved by Using Stuart's Calcium Waters After Meals.

A Trial Package Sent Free.
Impure blood causes pimples, tetters, brash, scaly skin, periods of intense itching, eczema and many other painful and discomforting skin afflictions. It cures the blood and in a short time the skin clears itself of the dead and waste deposits, festering and irritating, and a clear, white and healthy skin appears.

Most people attempt to cure pimples and skin eruptions with exterior applications, such as salves, lotions, plasters, etc. This method only drives the irritation elsewhere, and serves at best but temporary relief.

Stuart's Calcium Waters contain the full strength of this wonderful blood purifier, which is often of chemical change in other methods of preparing Calcium Sulphide is difficult to preserve, and hence the failure of many druggists and chemists to hold its full strength. But when this can be done Calcium Sulphide drives impurities from the blood in less time than any other known substance.

Stuart's Calcium Waters also contain Quassa, Golden Seal and Eucalyptus, each one a great blood purifier and stimulant. An alternative and laxative is also combined with the other ingredients to enable nature to remove more quickly all irritating and infectious matter from the system in a natural and easy manner.

Go to your druggist to-day and ask his opinion of Stuart's Calcium Waters. They sell for 50c per package, or send us your name and address, and we will send you a trial package by mail free. Address F. A. Stuart Co., 155 Stuart Bldg., Marshall, Mich.
